

Telos Corporation Announces First Quarter Results: Reports \$35.2 Million of Revenue and 38.3% Gross Margin

May 10, 2023

- Reported First Quarter Results Above High End of Guidance Range
- Delivered Quarterly Revenue of \$35.2 Million
- Expanded Quarterly Gross Margin by 66 Basis Points to 38.3% Year over Year
- Improved GAAP Net Loss by 35% Year over Year
- Reaffirms Full Year Guidance

ASHBURN, Va., May 10, 2023 (GLOBE NEWSWIRE) -- Telos Corporation (NASDAQ: TLS), a leading provider of cyber, cloud and enterprise security solutions for the world's most security-conscious organizations, today announced financial results for the first quarter 2023.

"We delivered \$35.2 million of revenue in the first quarter of 2023 and expanded gross margins 66 basis points to 38.3%. We also reduced our GAAP net loss by 35% to \$10.7 million. All metrics exceeded the high end of our guidance range," said John B. Wood, chairman and CEO, Telos. "As expected, our first quarter results reflect lower revenues on large programs. We reaffirm our full year guidance and the Board and I remain focused on rebuilding and growing our revenue base throughout this transition year."

This guidance consists of forward-looking statements and actual results may differ materially. Refer to the Forward-Looking Statements section below for information on the factors that could cause the Company's actual results to differ materially from these forward-looking statements. Adjusted EBITDA is a non-GAAP financial measure. The Company has not provided the most directly comparable GAAP measure to this forward-looking non-GAAP financial measure because certain items are out of the Company's control or cannot be reasonably predicted. Accordingly, a reconciliation for forward-looking Adjusted EBITDA is not available without unreasonable effort.

Webcast Information

Forward-Looking Statements

This press release contains forward-looking statements which are made under the safe harbor provisions of the federal securities laws. These statements are based on the Company's management's current beliefs, expectations and assumptions about future events, conditions, and results and on information currently available to them. By their nature, forward-looking statements involve risks and uncertainties because they relate to events and depend on circumstances that may or may not occur in the future. The Company believes that these risks and uncertainties include, but are not limited to, those described under the captions "Risk Factors" and "Management's Discussion and Analysis of Financial Condition and Results of Operations" set forth from time to time in the Company's filings and reports with the U.S. Securities and Exchange Commission (SEC), including its Annual Report on Form 10-K for the year ended December 31, 2022 and its Quarterly Reports on Form 10-Q, as well as future filings and reports by the Company, copies of which are available at https://investors.telos.com and on the SEC's website at www.sec.gov.

Although the Company bases these forward-looking statements on assumptions that its management believes are reasonable when made, the Company cautions the reader that forward-looking statements are not guarantees of future performance and that the Company's actual results of operations, financial condition and liquidity, and industry developments may differ materially from statements made in or suggested by the forward-looking statements contained in this release. Given these risks, uncertainties, and other factors, many of which are beyond its control, the Company cautions the reader not to place undue reliance on these forward-looking statements. Any forward-looking statement speaks only as of the date of such statement and, except as required by law, the Company undertakes no obligation to update any forward-looking statement publicly, or to revise any forward-looking statement to reflect events or developments occurring after the date of the statement, even if new information becomes available in the future. Comparisons of results for current and any prior periods are not intended to express any future trends or indications of future performance, unless specifically expressed as such, and should only be viewed as historical data.

Non-GAAP Financial Measures

In addition to Telos' results determined in accordance with U.S. GAAP, Telos believes the non-GAAP financial measures of EBITDA, Adjusted EBITDA, Adjusted EBITDA Margin, Adjusted Net Income/(Loss), Adjusted Earnings Per Share ("EPS") and Free Cash Flow are useful in evaluating operating performance. Telos believes that this non-GAAP financial information, when taken collectively with GAAP results, may be helpful to readers of the financial statements because it provides consistency and comparability with past financial performance and assists in comparisons with other companies, some of which use similar non-GAAP financial information to supplement their GAAP results. The non-GAAP financial information is presented for supplemental informational purposes only, should not be considered a substitute for financial information presented in accordance with GAAP, and may be different from similarly-titled non-GAAP measures used by other companies. A reconciliation is provided below for each of these non-GAAP financial measures to the most directly comparable financial measure stated in accordance with GAAP.

The Company uses the following non-GAAP financial measures (a) to understand and evaluate Telos' core operating performance and trends, (b) to prepare and approve the Company's annual budget, (c) to develop short-term and long-term operating plans, and (d) to evaluate the performance of certain management personnel when determining incentive compensation. Telos believes these non-GAAP financial measures facilitate the company's operating performance on a consistent basis between periods by excluding certain items that may, or could, have a disproportionately positive or negative impact on the Company's results of operations in any particular period. When viewed in combination with the Company's results prepared in accordance with GAAP, these non-GAAP financial measures help provide a broader picture of factors and trends affecting the Company's results of operations.

EBITDA, Adjusted EBITDA Margin, Adjusted Net Income/(Loss), Adjusted EPS and Free Cash Flow are supplemental measures of operating performance that are not made under GAAP and do not represent, and should not be considered as an alternative to, Net Income/(Loss), Net Income/(Loss) Margin, Earnings per Share, or Net Cash Flows provided by/(used in) operating activities, as determined by GAAP.

The Company defines EBITDA as net (loss)/income, adjusted for non-operating expense/(income), interest expense, (benefit from)/provision for income taxes, and depreciation and amortization. The Company defines Adjusted EBITDA as EBITDA, adjusted for stock-based compensation expense and restructuring expenses/(adjustments). The Company defines Adjusted EBITDA Margin as Adjusted EBITDA as a percentage of total revenue. The Company defines Adjusted Net Income/(Loss) as net income/(loss), adjusted for non-operating expense/(income), stock-based compensation expense and restructuring expenses/(adjustments). The Company defines Adjusted EPS as Adjusted Net Income/(Loss) divided by the weighted-average number of common shares outstanding for the period. Free Cash Flow is defined as net cash provided by/(used in) operating activities, less purchases of property and equipment, and capitalized software development costs.

EBITDA, Adjusted EBITDA Margin, Adjusted Net Income/(Loss), Adjusted EPS and Free Cash Flow each has limitations as an analytical tool, and you should not consider any of them in isolation, or as a substitute for analysis of results as reported under GAAP. Among other limitations, EBITDA, Adjusted EBITDA Margin, Adjusted Net Income/(Loss), Adjusted EPS and Free Cash Flow each does not reflect our cash expenditures, or future requirements, for capital expenditures or contractual commitments, does not reflect the impact of certain cash charges resulting from matters considered not to be indicative of ongoing operations, and does not reflect income tax expense or benefit. Other companies in the Company's industry may calculate Adjusted EBITDA, Adjusted EBITDA Margin, Adjusted Net Income/(Loss), Adjusted EPS and Free Cash Flow differently than Telos does, which limits its usefulness as a comparative measure. Because of these limitations, neither EBITDA, Adjusted EBITDA, Adjusted EBITDA Margin, Adjusted Net Income/(Loss), Adjusted EPS nor Free Cash Flow should be considered as a replacement for Net Income/(Loss), Net Income/(Loss) Margin, Earnings per Share, or Net Cash Flows Provided by Operating Activities, as determined by GAAP,

or as a measure of profitability. Telos compensates for these limitations by relying primarily on the Company's GAAP results and using non-GAAP measures only for supplemental purposes.

⁽¹⁾ The Stock-based Compensation adjustment to EBITDA as of March 31, 2023, and 2022 is made up of \$7.9 million and \$14.3 million, respectively, of stock-based compensation expense for the awarded RSUs and PSUs, and \$1.6 million and \$1.7 million, respectively, of other sources of stock-based compensation expense. The other sources of stock-based compensation consist of accrued compensation, which the Company intends to settle in shares of the Company's common stock. However, it is the Company's discretion as to whether this compensation will ultimately be paid in stock or cash. The Company has the right to dictate the form of these payments up until the date at which they are paid. Any change to the expected payment form would result in out-of-quarter adjustments to this add back to Adjusted EBITDA.

Reconciliation of Net Loss to Non-GAAP Adjusted Net Loss and Adjusted EPS
