Telos Corporation Expands Cyber Risk Management Support for the Office of Naval Intelligence

September 3, 2026

Xacta.io will help ONI continuously assess its security posture and strengthen enterprise cyber risk visibility.

ASHBURN, Va., Sept. 03, 2026 (GLOBE NEWSWIRE) -- Telos Corporation (NASDAQ: TLS), a leading provider of cyber, cloud and enterprise security solutions for the world's most security-conscious organizations, today announced an expansion of its work with the Office of Naval Intelligence (ONI) through a new contract award for Xacta.io™ subscription licenses and related services. The award extends Telos' support of ONI's cybersecurity mission and expands the use of the company's cyber governance, risk and compliance (GRC) technology within a critical national security environment.

Under the contract, Telos will provide customer-hosted Xacta.io subscription licenses, along with technical services supporting the solution's implementation, integration and administration. Xacta.io's capabilities will help ONI continuously monitor its security posture and improve visibility into cyber risk across its complex technology environment.

"This award reflects the continued strength of our relationship with ONI and expands the role Telos plays in supporting its cybersecurity mission," said John B. Wood, chairman and chief executive officer, Telos. "Federal organizations are moving beyond point-in-time compliance toward continuous visibility into security posture and risk. Xacta.io is designed to support that transition by aggregating results from multiple security products across the organization into a single view while automatically mapping them to the correct controls for security validation."

Xacta is Telos' cyber governance, risk and compliance (GRC) platform, designed to automate and streamline cybersecurity, compliance and risk management processes across complex enterprise environments. Within Xacta, Xacta.io provides a flexible, scalable solution for seamlessly integrating multiple security tools, providing a single, comprehensive view of your security landscape. The broader Xacta platform also includes Xacta.ai, which applies AI-powered automation and analysis to help organizations accelerate compliance activities, improve decision-making and gain greater visibility into cybersecurity risk.

Forward-Looking Statements
This press release contains forward-looking statements which are made under the safe harbor provisions of the federal securities laws. These statements are based on the Company's management's current beliefs, expectations and assumptions about future events, conditions and results and on information currently available to them. By their nature, forward-looking statements involve risks and uncertainties because they relate to events and depend on circumstances that may or may not occur in the future. The Company believes that these risks and uncertainties include, but are not limited to, those described under the captions "Risk Factors" and "Management's Discussion and Analysis of Financial Condition and Results of Operations" set forth from time to time in the Company's filings and reports with the U.S. Securities and Exchange Commission (SEC), including its Annual Report on Form 10-K for the year ended December 31, 2025, as well as subsequent and future filings and reports by the Company, copies of which are available at https://investors.telos.com and on the SEC's website at www.sec.gov.

Although the Company bases these forward-looking statements on assumptions that its management believes are reasonable when made, the Company cautions the reader that forward-looking statements are not guarantees of future performance and that the Company's actual results of operations, financial condition and liquidity, solution and contract performance, and industry developments, may differ materially from statements made in or suggested by the forward-looking statements contained in this release. Given these risks, uncertainties and other factors, many of which are beyond its control, the Company cautions the reader not to place undue reliance on these forward-looking statements. Any forward-looking statement speaks only as of the date of such statement and, except as required by law, the Company undertakes no obligation to update any forward-looking statement publicly, or to revise any forward-looking statement to reflect events or developments occurring after the date of the statement, even if new information becomes available in the future. Comparisons of results for current and any prior periods are not intended to express any future trends or indications of future performance, unless specifically expressed as such, and should only be viewed as historical data.
