## Selected First Quarter Business Highlights:

### *Telos Advanced Cyber Analytics (Telos ACA) Solution Launch*

- Telos ACA offers unique capabilities that will address critical, unmet needs within today's cybersecurity environment. With Telos ACA, customers can,
  - In near real-time:
    - Detect malicious activity,
    - Uncover and identify previously unknown attacks and new malicious behavior, and
    - Enhance network protections.
  - Over the near term:
    - Attribute and geolocate malicious cyber activities, and
    - Assist in the attribution of events of concern with actionable information.
- Telos ACA provides the C-Suite with sophisticated capabilities and comprehensive analytics with minimal financial and technical barriers to adoption.

### *New Business Activities*

- Telos received several key new wins and renewals including the U.S. Air Force, the U.S. State Department, EY, Amazon Web Services, the National Geospatial-Intelligence Agency and the National Security Agency, among others. Additionally, the Company began a new relationship with a foreign government customer to implement and utilize Xacta.

### *Partner Enhancements*

- The Company announced a partnership with Carahsoft Technology Corporation, the Trusted Government IT Solutions Provider®, to extend the reach of Telos' security solutions to the public sector. Under the agreement, Carahsoft will serve as one of Telos' public sector solutions distributors, making the Company's industry-leading virtual obfuscation network-as-a-service, cyber risk management and compliance automation tools available to federal agencies, as well as the state, local and education markets.

## Financial Outlook:

	2Q 2022 <sup>2</sup>	Full Year 2022 <sup>2</sup>
Revenue	\$50 - \$54 Million	\$226 - \$257 Million
YoY Growth	(7%) – 1%	(7%) - 6%
Adjusted EBITDA <sup>1</sup>	(\$2.0) - \$2.0 Million	\$21 - \$28 Million

<sup>1</sup> Adjusted EBITDA is a non-GAAP financial measure. Refer to "Non-GAAP Financial Measures" below.

<sup>2</sup> 2Q 2022 guidance does not include revenue from the TSA PreCheck program. Full year 2022 guidance includes \$31 million of gross revenue or \$12 million of net revenue from the TSA PreCheck program in the high end of guidance.

This guidance consists of forward-looking statements and actual results may differ materially. Refer to the Forward-Looking Statements section below for information on the factors that could cause the Company's actual results to differ materially from these forward-looking statements. Adjusted EBITDA is a non-GAAP financial measure. The Company has not provided the most directly comparable GAAP measure to this forward-looking non-GAAP financial measure because certain items are out of the Company's control or cannot be reasonably predicted. Accordingly, a reconciliation for forward-looking Adjusted EBITDA is not available without unreasonable effort.

### **Webcast Information**

Telos will host a live webcast to discuss its first quarter 2022 financial results at 8:30 a.m. Eastern Time today, May 10, 2022. To access the webcast, visit <https://edge.media-server.com/mmc/p/m9gpyrm4>. Related presentation materials will be made available on the Investors section of the Company's website at <https://investors.telos.com>. In addition, an archived webcast will be available approximately two hours after the conclusion of the live event on the Investors section of the Company's website.

### **Forward-Looking Statements**

This press release contains forward-looking statements which are made under the safe harbor provisions of the federal securities laws. These statements are based on the Company's management's current beliefs, expectations and assumptions about future events, conditions and results and on information currently available to them. By their nature, forward-looking statements involve risks and uncertainties because they relate to events and depend on circumstances that may or may not occur in the future. The Company believes that these risks and uncertainties include, but are not limited to, those described under the captions "Risk Factors" and "Management's Discussion and Analysis of Financial Condition and Results of Operations" set forth from time to time in the Company's filings and reports with the U.S. Securities and Exchange Commission (SEC), including its Annual Report on Form 10-K for the year ended December 31, 2021 and its Quarterly Reports on Form 10-Q, as well as future filings and reports by the Company, copies of which are available at <https://investors.telos.com> and on the SEC's website at [www.sec.gov](http://www.sec.gov).

Although the Company bases these forward-looking statements on assumptions that they believe are reasonable when made, they caution the reader that forward-looking statements are not guarantees of future performance and that the Company's actual results of operations, financial condition and liquidity, and industry developments may differ materially from statements made in or suggested by the forward-looking statements contained in this release. Given these risks, uncertainties and other factors, many of which are beyond its control, the Company cautions the reader not to place undue reliance on these forward-looking statements. Any forward-looking statement speaks only as of the date of such statement and, except as required by law, the Company undertakes no obligation to update any forward-looking statement publicly, or to revise any forward-looking statement to reflect events or developments occurring after the date of the statement, even if new information becomes available in the future. Comparisons of results for current and any prior periods are not intended to express any future trends or indications of future performance, unless specifically expressed as such, and should only be viewed as historical data.

## **Non-GAAP Financial Measures**

In addition to Telos' results determined in accordance with U.S. GAAP, Telos believes the non-GAAP financial measures of Enterprise EBITDA, Adjusted EBITDA, Adjusted Net Income (Loss), Adjusted Earnings Per Share ("EPS") and Free Cash Flow are useful in evaluating operating performance. Telos believes that this non-GAAP financial information, when taken collectively with GAAP results, may be helpful to readers of the financial statements because it provides consistency and comparability with past financial performance and assists in comparisons with other companies, some of which use similar non-GAAP financial information to supplement their GAAP results. The non-GAAP financial information is presented for supplemental informational purposes only, should not be considered a substitute for financial information presented in accordance with GAAP, and may be different from similarly-titled non-GAAP measures used by other companies. A reconciliation is provided below for each of these non-GAAP financial measures to the most directly comparable financial measure stated in accordance with GAAP.

The Company used the following non-GAAP financial measures were used to understand and evaluate Telos' core operating performance and trends, to prepare and approve the Company's annual budget, to develop short-term and long-term operating plans, and to evaluate the performance of certain management personnel when determining incentive compensation. Telos believes these non-GAAP financial measures facilitate the comparison of the Company's operating performance on a consistent basis between periods by excluding certain items that may, or could, have a disproportionately positive or negative impact on the Company's results of operations in any particular period. When viewed in combination with the Company's results prepared in accordance with GAAP, these non-GAAP financial measures help provide a broader picture of factors and trends affecting the Company's results of operations.

Enterprise EBITDA, Adjusted EBITDA, Adjusted Net Income (Loss), Adjusted EPS and Free Cash Flow are supplemental measures of operating performance that are not made under GAAP and do not represent, and should not be considered as an alternative to, net income (loss), earnings per share or net cash flows provided by operating activities, as determined by GAAP.

The Company defines Enterprise EBITDA as net (loss) income attributable to Telos Corporation, adjusted for net income attributable to non-controlling interest, non-operating (income) expense, interest expense, provision for (benefit from) income taxes, and depreciation and amortization. The Company defines Adjusted EBITDA as Enterprise EBITDA, adjusted for transaction gains/losses/expenses related to the Company's IPO and stock-based compensation expense. The Company defines Adjusted Net Income (Loss) as net income (loss) attributable to Telos Corporation, adjusted for non-operating expense (income), transaction-related gains/losses/expenses, and stock-based compensation expense. The Company defines Adjusted EPS as Adjusted Net Income (Loss) divided by the weighted-average number of common shares outstanding for the period. Free cash flow is defined as net cash provided by or used in operating activities, less purchases of property and equipment and capitalized software development costs.

Each of Enterprise EBITDA, Adjusted EBITDA, Adjusted Net Income (Loss), Adjusted EPS and Free Cash Flow has limitations as an analytical tool, and you should not consider any of them in isolation, or as a substitute for analysis of results as reported under GAAP. Among other limitations, each of Enterprise EBITDA, Adjusted EBITDA, Adjusted Net Income (Loss), Adjusted EPS and Free Cash Flow does not reflect future requirements for capital expenditures or contractual commitments, does not reflect the impact of certain cash charges resulting from matters considered not to be indicative of ongoing operations, and does not reflect income tax expense or benefit. Other companies in the Company's industry may calculate Adjusted EBITDA, Adjusted Net Income (Loss), Adjusted EPS and Free Cash Flow differently than Telos does, which limits its usefulness as a comparative measure. Because of these limitations, neither Enterprise EBITDA, Adjusted EBITDA, Adjusted Net Income (Loss), Adjusted EPS nor Free Cash Flow should be considered as a replacement for net income (loss), earnings per share or net cash flows provided by operating activities, as determined by GAAP, or as a measure of profitability. Telos compensates for these limitations by relying primarily on the Company's GAAP results and using non-GAAP measures only for supplemental purposes.
